CITY COUNCIL COMMENCES AT THE WRONG END

The course which the city council has taken so far in its dealings with the gas question has been one which has put the cart before the horse, turned the whole thing back-end foremost and commenced at the place where the finish should have been.

Edmonton, up to date, has been a municipal ownership town. The system has been satisfactory as far as the city has gone, and no ratepayer will claim that the utilities have cost him anything in increased taxes, so far, while every patron will be willing to admit that he has been benefited by cheap service.

The city has one of the finest telephone services on the North American continent, at a rate which makes the charge in other cities look like highway robbery.

The city has an electric plant which is giving a comparatively good service and which has never yet left the city in total darkness in the middle of winter, as did the plants of Winnipeg and Minneapolis within the past month. Electric light rates are cheaper in Edmonton than in any other steam-using city of the same size in America, and will be cheaper yet as the service increases in capacity.

The city has a street railway system on the first two years' operation of which a scrupulously-careful auditor could not find more than a \$39,000 deficit, an amount which may be wiped out by surpluses this year, whereas private interests who at one time undertook to build a street railway in Edmonton, advanced the claim that the enterprise would be operated at a loss for ten years at least. No one will claim that the geography of Edmonton and Strathcona is ideal for the operation of a street railway system, but no one can honestly dispute that this small deficit item is the only debit chargeable against a franchise saved to the city which is worth a million dollars if it is worth a cent, and which any private utility corporation would commence by capitalizing at least that price before it had laid a rail.

With this experience to guide it, the city council should not undertake to stampede the ratepayers into granting a private corporation a gas franchise before first getting positive information that the gas business is not a business which the city can afford to take up.

The proper, logical, and sensible course for the city council to have pursued under the circumstances was:

First: Learn what a gas plant would cost, get data on the cost of operation and the approximate price of gas providing the city went into the business, and learn the reasons, if any, why the city could not make an unqualified success of the enterprise.

Second: Submit a bylaw to the ratepayers providing for a bond issue to build a municipal gas plant.

Should the bylaw carry, the council would have a mandate to proceed with the installation of a municipal gas plant.

Should the bylaw fail to carry, the city council would be justified in accepting the vote against municipal ownership of gas, and would be, in effect, instructed to enter into negotiations with the International of Cleveland, or any other company competent to make gas, the agreement consummated with such company coming before the ratepayers last instead of first.

The city council has no more right to enter without instructions into negotiations for the transfer of a gas franchise to a private company than it has to enter into negotiations with MacKenzie & Mann, or some other private company, for the sale of the electric light plant or the street railway. The fact that the gas franchise is not working has nothing whatever to do with the matter. The gas franchise belongs to the city just as much when it is not being used as the electric franchises do when they are being used, and the ratepayers who own the gas franchise have a right to first say whether they want to use it themselves or not, before being asked for an opinion on the terms upon which it is to be given away.

The fact of the matter is that the city council has commenced at the wrong end.

EDMONTON BUNCOED BY DIVERSION

When the legislation introduced by Premier Sifton which diverted the Waterways bond money to other uses was before the legislature the Capital frequently pointed out that if this policy was persisted in the city of Edmonton stood a fair chance of being beaten out of the trade of the north country almost entirely by the projection of railway lines from the east to the navigable waters of the north.

The kaleidoscope works rapidly in this western country, especially in the drama of railway construction, and changes come with impetuous suddenness sometimes.

It was only a few days ago that Premier Sifton's diversion bill went through the house. Already the C. N. R. is before the Ottawa government with an application for a charter to build a road from Prince Albert to Fort McMurray, and one of the terms upon which they seek the right to build is that construction will be commenced this year of our Lord, 1911.

Once let this road from Prince Albert tap the northern waterways and Edmonton will have to depend for her supremacy in the hinterland which is rightfully her domain on the Athabasca Landing route with its stretch of turbulent water and will have to hold her clinch on the immensely valuable fur trade by the establishment at this, the farthest point north by rail, of warehouses and depots such as are now bringing the trade to Edmonton.

Edmonton was sorely hit by the legislation which robbed her of a railway to the north. With a road coming in from the east, there is nothing left for it now but to centre on the Landing and points north and carry the fight for supremacy forward on the lines laid down by the founders of the fur trade two centuries ago.

NOT ACCLIMATIZED

(Toronto Star).

The two United States Senators who are accused of gaining their seats through bribery, are both naturalized citizens of the United States. Senator William Lorimer of Illinois is an Englishman by birth, having been born in Manchester of English parents; while Senator Isaac Stephenson of Wisconsin was born of Ulster parents in New Brunswick.

APPROPRIATE DIETS.

Plane food for the aviator.
Came for the baseball fan.
Crabs for the youthful carman.
Smelts for the mining man.

For the upholsterer, stuffing;
Plums for the grafting "boss";
For the Arctic explorer, ices.
Snow pudding and Chiffi sauce.

For the coward and politician.
Quail and crow are the birds.
The fool who flies in passion
Should be made to eat his own words.

For the glove-maker, lady's fingers;
Capers for the clown to eat;
For the match-maker, minute pudding;
And for lunatics, cracked wheat.

—Boston Transcript.

TORONTO MAN

THE LIBRARIAN

Vancouver, Jan. 18.—R. W. Douglas, of Toronto, has accepted the appointment of librarian recently tendered him by the board of the Carnegie Library here. Mr. Douglas is well known in the book world, and came within a narrow margin of the Toronto Public Library in succession to the late Dr. Bain, his life-long friend.

THE OUTLAW

When my loop takes hold on a two-year old
By the feet of the neck or the horn,
He kin plunge and fight till his eyes go white,
But I'll throw him as sure as you're born.

Though he cant rope sing like a banjo strong
And the latigues creak and strain,
I have got no fear of an outlaw steer,
And I'll tumble him on the plain.

For a man is a man and a steer is a beast,
And each of the bunch from the big-gest to least,
Must come down when he says the word.

When my leg swings cross on an outlaw hawse
And my spurs clinch into his hide,
He kin "tar and pitch" over the hill and ditch.

But wherever he goes I'll ride.
Let him spin and flop like a crazy top
Or fly like a wind-whipped smoke,
e'll know the feel of my rowled heel

Till he's happy to own he's broke.
For a man is a man and a hawse is

a brute
And the hawse may be prince of his clan
But he'll bow to the bit and the steel shod boot.
And own that his boss is the man.
When the devil at rest underneath my vest

Get's up and begins to paw,
And my foot tongue strains at my bridle rein,
When I tackle the real outlaw,
When I get him plum riled and my senses go wild

And my temper has fractions growed,
If he'll hump his neck just a triffin'
Then it's dollars to dimes I'm chawed.

For a man is a man and partly a beast—
He can brag till he makes you deaf,
But the one lone brute from the West to the East,

That he kain't quite break, is himself.
—Charles Badger, Jr., in Economic Advertising.

Pitcher Krapp, the right-hand flogger brought by the Naps from Portland, is said to be a coming big league star. His chief asset is a "knuckle ball," which Eddie Summers taught him.

FOUR CANADIAN RAILWAYS REPRESENT CAPITAL OF OVER ONE BILLION DOLLARS

TOTAL TRACKAGE WOULD CIRCLE THE GLOBE—COMPARISON IN EARNING CAPACITIES AND EXPENDITURES—FACTS FROM RAILWAY STATISTICS

The last report of the statistician of the federal department of railways furnishes material for many comparisons between the chief railway systems to the Dominion. The returns obtained for the last few years contain a great deal of detailed information as to the operation of the different companies, including stock and bond issues, earnings and expenses of operation; the latter being classified minutely. For example, as illustrating matters much discussed of late, these returns give the earnings of the railways from express rates and the sums expended in crossing protection.

The capitalization of the four chief systems of the Dominion—the C.P.R., G.T.R., C.N.R. and the Dominion government roads—presents considerable complications. In the first place the government system has no capital, in the same sense as the companies. Besides, the company systems in all cases include lines built by other companies now practically out of existence, and the Canadian Pacific operates 1,495 miles of road under lease. It is best, therefore, to present the table of capitalization first on the basis of the controlling company and add necessary explanations. Put this way, the table will stand (C.G.R. being used to designate the combined Intercolonial and Prince Edward Island railways):—

C.P.R.—Stock, \$205,666,666; Bonds, \$76,333,583; other funded debt, \$1,360,000.
G.T.R.—Stock, \$221,451,134; Bonds, \$139,889,145.
C.N.R.—Stock, \$64,800,000; Bonds, \$94,333,171; other funded debt, \$17,863,643.
C.G.R. (Total capital cost)—\$100,739,499.

In addition to the figures given in this table the Canadian Pacific operates 2,576 miles of line, which it has purchased from previous owners; these lines having outstanding stocks valued at \$5,000,000 and bonds valued at \$1,327,041. The C.P.R. also leases roads with outstanding stock issues of \$34,704,671 and bonds \$8,623,356. The "other funded debt" of the C.P.R. is "equipment trust obligations."

The G.T.R. has taken over a number of smaller systems with outstanding stock and bond issues. The Canada Atlantic is responsible for \$7,878,000 in stocks and \$1,857,988 in bonds; the other roads for \$2,505,000 in stock and \$4,179,455 in bonds.

The C.N.R. figures in the table do not include the Qu'Appelle, Long Lake and Saskatchewan line, which is bonded for \$5,083,582; and has outstanding stock valued at \$201,100. The C.N.R.'s "other funded debt" includes \$11,121,232 of "equipment trust obligations" and \$6,743,680 of "miscellaneous obligations."

Total Mileage
Grouping all the capital liabilities together and putting it on a mileage basis this comparison results:

	Total Mileage	Total all tracks. Capital.
C.P.R.	12,866	\$83,310,249
G.T.R.	4,075	\$62,045,279
C.N.R.	4,480	\$126,727,714
C.G.R.	2,227	\$100,739,499

In this table the C.P.R. figures as to capital are for the controlling company only and so with the G.T.R. In the former case, following the method in the government report, the C.P.R. mileage included leased and owned lines, while the G.T.R. mileage does not include the Canada Atlantic. If the Canada Atlantic mileage were added, it would bring the capital per mile down to \$91,554. The C.N.R. includes all the mileage in the system but not the capital of the Qu'Appelle, Long Lake and Saskatchewan line. The C.G.R. as usual includes the I.C.R. and the P.E.I. railway.

Turning from capital to earnings

and expenses the report yields this general table:

	Mileage	Capital
C.P.R.	12,866	\$188,350
G.T.R.	4,075	\$122,248
C.N.R.	4,480	\$139,889
C.G.R.	2,227	\$100,739

	Gross earnings.	Operating expenses.
C.P.R.	\$88,317,122	\$57,767,540
G.T.R.	\$33,378,306	\$24,202,029
C.N.R.	\$15,841,097	\$10,500,023
C.G.R.	\$9,832,576	\$6,244,481

In this and the remaining tables "C.P.R. owns the entire system under C.P.R. control; "G.T.R." includes also returns given under Canada Atlantic, the only part of the G.T.R. system for which returns are given separately; "C.N.R." includes the returns given under C.N.R., Que. and C.N.R. Ont., the Qu'Appelle and Long Lake returns being included in the first; "C.G.R." equals I.C.R. plus P.E.I. railway.

Some features of the revenue accounts tabulate in this way:

	Passenger revenue.	Freight revenue.
C.P.R.	\$24,428,281	\$8,040,660
G.T.R.	9,433,394	21,399,602
C.N.R.	2,716,181	10,935,381
C.G.R.	2,793,663	6,267,292

	Express, rents, etc.	Telegraph
C.P.R.	\$7,072,743	\$1,297,566
G.T.R.	1,139,113	231,207
C.N.R.	167,296	1,091,359
C.G.R.	160,925	67,112

Cost of Maintenance

With a view to ascertaining the relative share of cost in each branch of railway work, operating expenses are divided under five heads. Maintenance of ways and structures includes the cost of keeping up the roadbed, bridges, etc. Maintenance of equipment includes the keeping up of rolling stock and round houses and similar parts of the plant. Traffic expenses are those which relate to the securing of business. Transportation expenses include the cost of running trains, operating yards, protecting crossings, and the like. The general expenses relate chiefly to the head office, items which cannot be assigned to any department. All these are, of course, revenue accounts, the original cost of plant being charged to capital. For the four systems under review this classification is as follows:

	Ways and structures
C.P.R.	\$16,653,038
G.T.R.	\$4,685,244
C.N.R.	\$1,851,595
C.G.R.	\$2,383,120

	Equipment. Traffic
C.P.R.	\$12,567,494
G.T.R.	\$12,567,494
C.N.R.	1,045,097
C.G.R.	1,045,097

	Transportation. General
C.P.R.	\$7,025,188
G.T.R.	\$11,483,099
C.N.R.	\$5,621,400
C.G.R.	\$5,014,628

As there has been considerable discussion of the protection of crossings of late the accounts spent in this way by the different roads is given in a separate table.

	Crossing Flag and Gate	Over and Under Crossings.
--	------------------------	---------------------------

C.P.R.	\$25,805	\$200,320
G.T.R.	65,452	101,683
C.N.R.	3,873	18,353
C.G.R.	12,515	43,059

Three other items of considerable interest are salaries and expenses of the general offices, the payments in pensions and the law expenses. These tabulate thus:

C.P.R.	\$285,035
G.T.R.	172,295
C.N.R.	46,250
C.G.R.	22,139

Sporting News: President Charles Chapin, of Rochester, although he did not support, Edward Barrow in his fight for the league presidency, has promised the new pilot his support, and Mr. Barrow can count on "Little Chape" to be one of his best friends during his leadership. Mr. Chapin is a true sportsman, and hears no ill will against anyone so long as he plays square.

Arthur Irwin is reported to have said: "I wouldn't have Lajoie on my team; he's a left field hitter." Took a squirt at Larry's batting average and then giggle.

"King" Cole and his partner O'Toole have started appearing in a baseball club which they call the "Valley and Eastern" League.

The Virginia Valley and Eastern Kentucky League have consolidated under the name of the Mountain State League.

The New York Highlanders have a promising catcher in Williams, who played with the Canton, O. and O. League club last season.

PLAY STARTED IN TWO COMPETITIONS AT SPIEL

First Round of Grand Challenge Finished—Tucket Competition Started Yesterday

Play got well started in the opening competitions of the bonspiel this morning. The first round of the Grand Challenge competition is completed or almost completed and the Tucket trophy competition is well under way. There was some good work made and some fine work done all the way through the competitions so far. This morning the first draw in the brewery competition were played following are the scores:

Downs	6
Barber	8
Farley	17
Kelly	13
Fisher	13
Gardner	13
Sanderbury	12
McDonald	9
Shannon	14
Osmun	12
G. W. Walker	3
Sheppard	5
Dickens	5
Dunlop	14
McCluskey	14
Hutton	4

MATINEE RACES WELL ATTENDED

There was a good attendance yesterday afternoon at the matinee races held under the auspices of the Edmonton Driving Club on a straightaway track laid out on the Saskatchewan river. The program was a good one and the races in the different classes were keenly contested. The following were the winners:

Class A—	
"Doctor Slocum" G. C. Porter	1 2 1
"King's Parole" J. I. Dompier	2 1 2
"Broken Spots" W. Wilkins	3 3 3
Time: 1:20, 1:21, 1:15.	
Class B—	
"Ames Junior" R. O. Jackson	1 2 1
"Dr. Mack" W. G. Robinson	2 1 2
"I. M. A. Simpson" Taylor	3 3 3
Time: 1:21, 1:15, 1:19.	
Class C—	
"Bertwood" Thos. Hill	1 1 1
"Riley Grand" J. H. Lyons	3 3 3
Alexander	2 2 2
Time: 1:18, 1:19.	

Results of 10 p.m. Draw.

McLeod, Cal. 12; Welliver, Red D. 7	
Horton, Veg. 10; McKillop, Tol. 8	
Grand Challenge—	
McKillop, Cal. 14; Hutton, Prov. 4	
Grand Trophy—	
Osmun, Innis. 12; Walker, Veg. 3	
Forbes, Cal. 12; Holden, Veg. 17	
Tucket Trophy—	
Bentley, Stet. 8; Bowen, Seona, 12	
Fletcher, Calg. 18; Edwards, C.C. 8	
Irwin, Fort. 5; McDonald, Seona, 12	
Praser, C.C. 11; Poile, High River, 12

VARSITY IS OUT-CLASSED BY SCONA

University Boys Meet a Stiff Proposition in the Strathcona Septet

The Varsity bunch of hockey players got in for a rather bad trimming last night when they ran up against the Strathcona septet. The score was twelve to nothing in favor of Strathcona and seven of the nine were gathered in the first half of the game. Varsity played a much more aggressive game last night than they did against the Deacons a week ago but they were defeated much worse and the game was even more one-sided than on that occasion.

Played Better.

If the Strathcona team had played as good a combination game again as the Deacons did they last night, there would have been a strong probability of their having won the game. Discounting the fact that the team opposing them was much weaker than the Deacons, they played a better game than they did on that occasion. The forward line with the Parsons and Jackson who were supposed to be the weak men, on again, worked like machinery.

The Shooting.

There was a noticeable improvement in the shooting of the whole team. Although Court May was very fairly well and Neil Sutherland was able to pass him that should have been easy, the shots were much better placed. Young Jackson on the wing played a fast, daring game, taking long chances and searching for the net on every opportunity. In the first half he scored three of the seven nets made before the interval. Parsons also played a good game at rover.

The Changes.

The absence of Jim Sutherland did not appear to greatly weaken the team. Hummerson at point played fairly well and Neil Sutherland was the main stay of the defense. He broke up a bunch of rushes that looked almost sure things. Blayne did not play a game that would attract much attention. He was off his wing too often for one thing and then he was on at least two occasions lost chances to score. Neither did he make any of those brilliant rushes that were such a factor in winning the first games they played. Dean played his usual steady game and Goodrich helped him out on a number of fast rushes.

The Game.

Strathcona rushed the rubber up the ice from scratch but Heppner secured and carried it to centre and lost to Kent. Kent brought it back and passed to Jackson who shot from the wing, squeezing it past Court's pads.

Newman Scores.

Newman made the second after about seven minutes' play. It was perhaps the fastest part of the game before the scoring of the second goal. Varsity was still first in the game, to even up so they pushed the game hard. Parsons broke the puck from centre but lost to Dobson who lost to Harner, who shot and the rubber found the lacework.

Jackson made the third in about five minutes. It was a nice piece of play that resulted in the tally. Kent and Young Jackson were responsible for it between them, although Jackson did the shooting.

From the scratch Varsity carried the rubber down to Seona's goal but lost a chance by an off-side pass. From the face Kent secured and by a brilliant full length rush brought it down to the east wall and the net bulged for the fourth goal in one minute.

Parsons was responsible for the fifth, catching the puck on a rebound from May's pads and shooting it through with ease. Jackson again found the net before the interval.

In the second half Jackson, Parsons and Newman made the scores. Varsity played a better game in the second part, holding them down to five goals in the thirty minutes.

W. DAVIES LOSE TO SOMMERVELLES

Are Badly Outclassed by the Somervilles in Past Game at Excelsior Rink

In the second game of the evening in the Mercantile League series at the Excelsior rink, Somervilles defeated Northern Davies last night by a score of 9 to 3. It was a game almost free of penalties, and while the Northern Davies were outclassed, and then some, by the winning team, the game brought out some brilliant individual play on both sides.

Prior to the start the teams lotted around for about twenty minutes while one of their number went in search of a puck, and as it was after half past nine before the rubber came to hand, it was decided to cut down the time to twenty minutes each way. From the outset it became apparent that the Somervilles would settle the game very much in their own way. Graber was the seller player of the evening. He called a couple for the Somervilles before the end of the first half, from long shots, while Buchanan chased the rubber into the net for a third. At half time the score stood 3-0 in Somervilles' favor.

The Northern Davies team rallied at the opening of play in the second, and after a nice rush by the forward line, O'Donohue registered their first tally. They did not have another gilt-edged chance to score until almost the end of the game, when Cuthbert made a clean score from the left, from a long shot. Meanwhile the Somervilles had been busy firing the rubber through the net. Graber being responsible for 4, while Buchanan marked up another couple before the close of play.

The teams were as follows: Somervilles: Northern Davies: Carreau..... goal.....Hargraves: Chisholm..... point.....Davies: Graber..... cover point.....Aikin: Chinnick..... rover.....Cuthbert: Banford..... centre.....O'Donohue: Buchanan..... right wing.....Freeman: Wismer..... left wing.....Thompson: Referee—J. Gordon.

WINNIPEG WANTS THE 8 CLUB LEAGUE

O. M. Blackburn, President of the Winnipeg Club, in Calgary League Meeting

(Calgary Abroad.) A. M. Blackburn, president of the Winnipeg Baseball Club, arrived in Calgary yesterday on a double mission. He is representing the Manitoba Grain Growers' Association at the U.P.A. convention and is here as the Winnipeg delegate to the baseball league meeting next Friday.

When questioned about the prospects of baseball in Western Canada, he said, "I think after all has been said and done you will find the old Western Canada League the same as last year. There is not enough money in these clubs to keep them going, and it doesn't seem to be that any of them are practicable. Winnipeg will stand for the eight club league the same as last year. A.H. Fidler's scheme of a four team league I do not consider as one that will pay at all. The scheme that was put up from Saskatoon for a six team league that appeared in this morning's Alberian will not work. There will not be enough rivalry between the clubs. The four team Alberta league might work but that will not help us any in Winnipeg. In fact, I do not believe that baseball will ever pay in Western Canada until we have fifty cent ball. I favor a higher salary limit than last year, but some provision should be made to keep the salary inside the limit. The playing season is short here—only four months—and we can't get the class of players we must have until we can pay them a good salary. The players must make as much in the four months as the players in other leagues of the same class make in their five month season."

When he was asked if the fans would support four bit ball he said, "Yes, they will, they want baseball and what they want they will pay for."

When the statement was made that Winnipeg has always been a poor baseball town with a losing team, Mr. Blackburn stated: "Winnipeg has a lot of good baseball fans and they

MORRIS BROS. WORST H.B. 3-0

Game in Mercantile Series Is Remarkable for Absence of Penalties

The game between the Hudson Bay team and Morris Bros. at the Excelsior rink last evening, in which the Morris team were the victors by a score of 3 goals to nil, was unique in several ways. Although the game was a spirited one from the start, with close, hard play at least until well into the second half, it passed off without a single man of either side being required to do penance on the fence. The game was one of the cleanest of the Mercantile league series, and if the teams were a little unevenly matched, and the Morris Bros. team showed themselves the superior aggregation in numerous ways, the losing team put up a hard fight, and in the second half their accurate shooting was only made barren of results by Herlick's high class play in goal.

During the first half Morris Bros. gave the Hudson Bay a fast run for their money. They showed more than average skill in combination, and compelled their opponents to play a defensive game. Banford marked up the first tally within five minutes of the start of play. The rubber dallied around the Morris Bros. goal for several minutes after this, but a run down the ice brought it into their opponent's territory, and Devitt added the second goal by a good shot from the right. Bolander added the third tally just before the end of the half.

In the second half the Morris Bros. team played a defensive game, and in spite of a constant and accurate bombardment of their goal, Hudson Bay failed to get the rubber through to the net.

The attendance of spectators was probably the smallest that has been known since the Mercantile league series commenced. During the previous part of the game the onlookers numbered not more than half a dozen.

The teams were as follows: Hudson Bay: Morris Bros.: Brown..... goal.....Herlick: Chisholm..... point.....Ranton: McLellan..... cover point.....Bolander: Helmer..... rover.....Banford: McLeod..... centre.....Devitt: Grant..... right wing.....Morris: Creelock..... left wing.....Hughes: Referee—J. Gordon.

Joe Jackson, the new recruit of the Naps, swings a bat nearly as large and as heavy as he is himself. The weight of the stick does not hinder the Southerner, as he can push them out as handily as any one that ever broke into the game.

"Too many major league castoffs in the Eastern and too few young bloods," is the opinion of ex-manager Billy Smith of Buffalo, who takes charge of the Chattanooga club next season. "Southern league clubs play just as heavily ball," he says.

"I will of a certainty support any hard working team even if it is not in the lead. Of course, we can't expect them to support a bunch of players like we had in the first part of the season. We have a good manager now and he will provide us with a good team."

When he was told that Sport Smith of Regina says that there would be no Regina team this year, he thought that some other city would have to be substituted.

The Winnipeg president is of the opinion that although the old Western Canada League was the best for this year the only leagues that would ever really be successful would be two international leagues, eastern and western.

The Winnipeggers are still talking of St. Paul, Minneapolis, Portage la Prairie, Winnipeg, Saskatoon, Brandon, Moose Jaw and Regina.

"In my opinion," said Mr. Blackburn, "that will be the most successful league we can get in, but I don't think that we can carry that out until next year."

"For the West the international league with Alberta and Montana cities that was talked of will be the most successful."

CUBS GRAB THREE FROM HORNISTERS

Every Man on Cubs Rolls Over Five Hundred in Three Games

The Cubs took all three away from the International Harvester Company in the Olympic League last night. Grant rolled the scores, averaging 198 in the three games.

The scores were as follows:

Cubs	
West	176 155 190—522
McKay	191 126 189—509
Watson	154 193 175—527
Grant	170 222 202—594
Harvester Co.	
Anderson	142 159 152—453
Hanner	161 166 201—528
Campbell	118 180 138—436
White	206 178 144—528
	627 683 635 1945

Sanders of Calgary trying to arrange a telegraphic bowling game for to-night. Unfortunately another game had been arranged for this evening so that the game will not be pulled off. The Calgary people showed very little forethought in not arranging earlier.

The game to-night is between a Calgary team headed by Fred Collins, who is up with the curlers and a team selected from the Olympic allies.

So far this week Grant has rolled very high scores. His highest five consecutive games are 223, 297, 216, 184, 235—1081—an average of 216. (A prize this week is a box of Major Reno cigars, given by H. S. Shew.)

REGINA IS OFF BASEBALL MAP

Not a Member of League and Will Not Be Represented at the League Meeting

Calgary, Jan. 18.—Mr. S. Smith, better known throughout Western Canada as Sport Smith, has come to Calgary to reside, having joined the firm of Walsh & McCarthy. He comes from Regina and last year was the secretary of the Regina baseball club. It is an authority on the baseball situation in the Saskatchewan capital, and what he says may be taken as the gospel truth.

"I don't make any difference what kind of a league you have this year as far as Regina is concerned. Baseball is a thing of the past in Regina. Regina is no longer a member of the Western Canada league, and so will not be represented at the meeting. The Regina supporters of baseball have lost too much money in the last few years to take it up again. Of course there are a lot of people in Regina who want to see baseball there, but I don't think they will try to go up another team." Mr. Smith says he is through with giving up so much of his time to baseball, and is going to look out for number one all the time. At least that's what he thinks now.

Pictures of John J. McGraw now appearing in various exchanges, make the Giants' manager look like a cross between a top-crook ball pup and a Chinese war god. Outside of newspapers John is a good-looking lad.

Donahue, the fourth Athletic catcher, of the Athletics, is said to be a loudmouth. Probably he was worsted too hard during the World Series when he had to warm up Dygert three afternoons in succession.

It is said that Sherwood Magee, of the Quakers, will receive more money than any other outfielder in the National League.

WANT TO FORM B. HOUSE LEAGUE

A Challenge to Any Boarding House in City to Play Hockey

What about a boarding house hockey league? There is a possibility of one being formed in the city providing a preliminary game is pulled off according to the request of one local establishment. "It might not be a case of the best hockey players winning as a case of the best fed man staying with it the longest. The following letter to the sporting editor of the Capital is a challenge from one boarding house to meet any other in the city.

Sporting Editor Capital

Dear Sir—The White Boarding House is desirous of demonstrating to the other boarding houses in the city that they are the best fed bunch of puck chasers this far north. We will play any boarding house in the city for fun, money or marbles. This challenge is especially directed against the following houses: Grant's, Keough's and "The Bunch."

All we ask is that this challenge be accepted through one of the local dailies and their liberty be published. The White team will be picked from the following men: McTavish, Gahourg, Campbell, Denton, Muir, Guinness, Webb, Willard, Stevens, Brownlee and Moser.

TOFIELD WOULD MEET VARSITY

If University of Saskatchewan Does Not Accept Challenge Tofield Will

If the University of Saskatchewan does not come through with an acceptance of the challenge sent by the Alberta Varsity boys about a week ago it is stated by the Varsity Hockey experts that they will arrange a game with Tofield for Saturday, Jan. 28. Since the challenge was sent a week or more ago via the post office nothing has been heard from the mid prairie temple of learning.

Varsity has a team that is itching to test a chance at something outside of the league and when they do meet some outsiders they promise to show them a few things in the shape of speed on the ice. If they invade Tofield they expect to make the natives sit up and take notice to the fact that boys at the university of Alberta learn a few things besides how to say rah, rah, in a loud voice.

The University of Saskatchewan is somewhat slow in answering the challenge. Since the letter was sent to them several telegrams have also been sent in their deliberations. Doubtless the trouble is that they are doubtful whether they can gather a team fast enough to meet the sunny septet from A. U.

Saskatchewan University has a team in a league down there and from the reports in the Saskatchewan papers is doing some good work. They are not head the league but they are not last either and their play is said to be fast and clean.

Tofield is looking for a game. They have already approached the Varsity club and the south town aggregation of brainy boys are always willing to oblige so the game is practically fixed providing Saskatchewan does not come through with an acceptance.

It is said that Sherwood Magee, of the Quakers, will receive more money than any other outfielder in the National League.

HYGIENIC CIGARS Made With Clean Hands

From Coast to Coast throughout the length and breadth of Canada, the quality of WEBSTER'S CLEAR HAVANAS IS KNOWN as a sure guarantee of superiority.

Shiloh's Cure
quickly stops coughs, cures colds, hoarseness and throat.
